University Activities Board's mission is to bring the awareness of academic values, educational programs, and on going campus student activities, and vibrant cultural diversity to the university.

Being a dedicated member of the board and volunteer, not only gives you the opportunity to enhance your decision making, communication, and leadership skills amongst many, but it also serves as an invaluable experience that will enhance your resume. Remember, it is not necessarily the quantity of activities you participate in, but the quality of activities you choose to involve yourself in.

The University Activities Board (UAB), as a programming board, is engaged in the development and implementation of student activities. Based out of the Office of Student Life and Leadership Development, UAB works actively with students, staff and faculty to increase awareness of academic values and on-going campus student activities and vibrant cultural diversity on the university.

UAB works with many on-campus committees and organizations to enrich the students' college experience by hosting cultural, social and recreational activities and offering public services for the university community.

Some of our events include movie nights, salsa classes and graduate prep classes. In addition we have held language courses, offered affordable flu shots, brought music acts to campus and hosted seminars. UAB also co-sponsors student organization events such as cultural heritage months and celebrations such as January's Mentoring Month with the GEMS Mentoring Program.

One of UAB's most exciting and biggest event is the FallFest. FallFest is the university's "Homecoming" and part of our welcome back celebration. We are a proud sponsor of putting on many activities that encourage and motivate students' life long learning experiences here on campus.

***All students are invited to participate.***
